OF EMERGENCY SERVICES

SITUATION SUMMARY

California Department of Public Health (CDPH)

On 02/10/16, CDPH activated the JEOCuser43@cdph.ca.gov mailbox to capture and address questions regarding the Zika virus. The Medical and Health Coordination Center (MHCC) has been activated at Duty Officer level status.

SPILL: 16-0892, UPRR, Roseville, Placer County

On 02/10/16 at 1347 hours the California State Warning Center (CSWC) received a report from Union Pacific Rail Road (UPRR) advising that hazmat managers with UPRR were inspecting rail cars in the Roseville rail yard and discovered a vapor release from a residue paint car that last contained liquefied petroleum gases.

- The release of vapor was contained to the protective housing unit.
- No exposures were reported and no waterways were impacted.
- Investigation was underway and repairs will be made to secure the release.
- There were no reports of a vapor cloud.
- The CSWC made all appropriate notifications per the Hazardous Materials SOP.

SPILL: 16-0887, UPRR, Roseville, Placer County

On 02/10/16 at 0926 hours, the CSWC received a report from UPRR advising that personnel became aware of a liquefied petroleum gas odor in the Roseville yard.

- At 0911 hours the odor was detected in three other locations within the yard and evacuations were conducted for parts of the rail yard; the evacuations were lifted as of 1127 hours.
- There were no reports of a vapor cloud.
- Ground air monitoring was done in conjunction with Roseville Fire Hazmat and results were 0ppm and all tanks and valves in the yard were monitored with 0ppm.
- A water treatment plant was undergoing servicing today and it has been determined that the odor is from this process.
- No exposures were reported and no waterways were impacted.
- The CSWC made all appropriate notifications per the Hazardous Materials SOP.

Maverick Surf Competition, Half Moon Bay, San Mateo County

- Mavericks Surf Competition will be taking place on Friday, 02/12/16 in Half Moon Bay (San Mateo County).
- This is one of the premier surf competitions in the world, drawing top surfers from all countries.
- There are currently no requests for assistance and no planned EOC activations.

SITUATION SUMMARY

Weather of Concern

Northern California

- High pressure over the west is bringing very warm temperatures to the region this week and a few record highs are possible.

Southern California

- A strong ridge will continue to bring warm and dry conditions through the weekend, with the whole region running 10 degrees or more above average.
- Some cooling is expected by the middle of next week.

Active Weather Warnings, Watches and Advisories by County:

Friday

Saturday

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

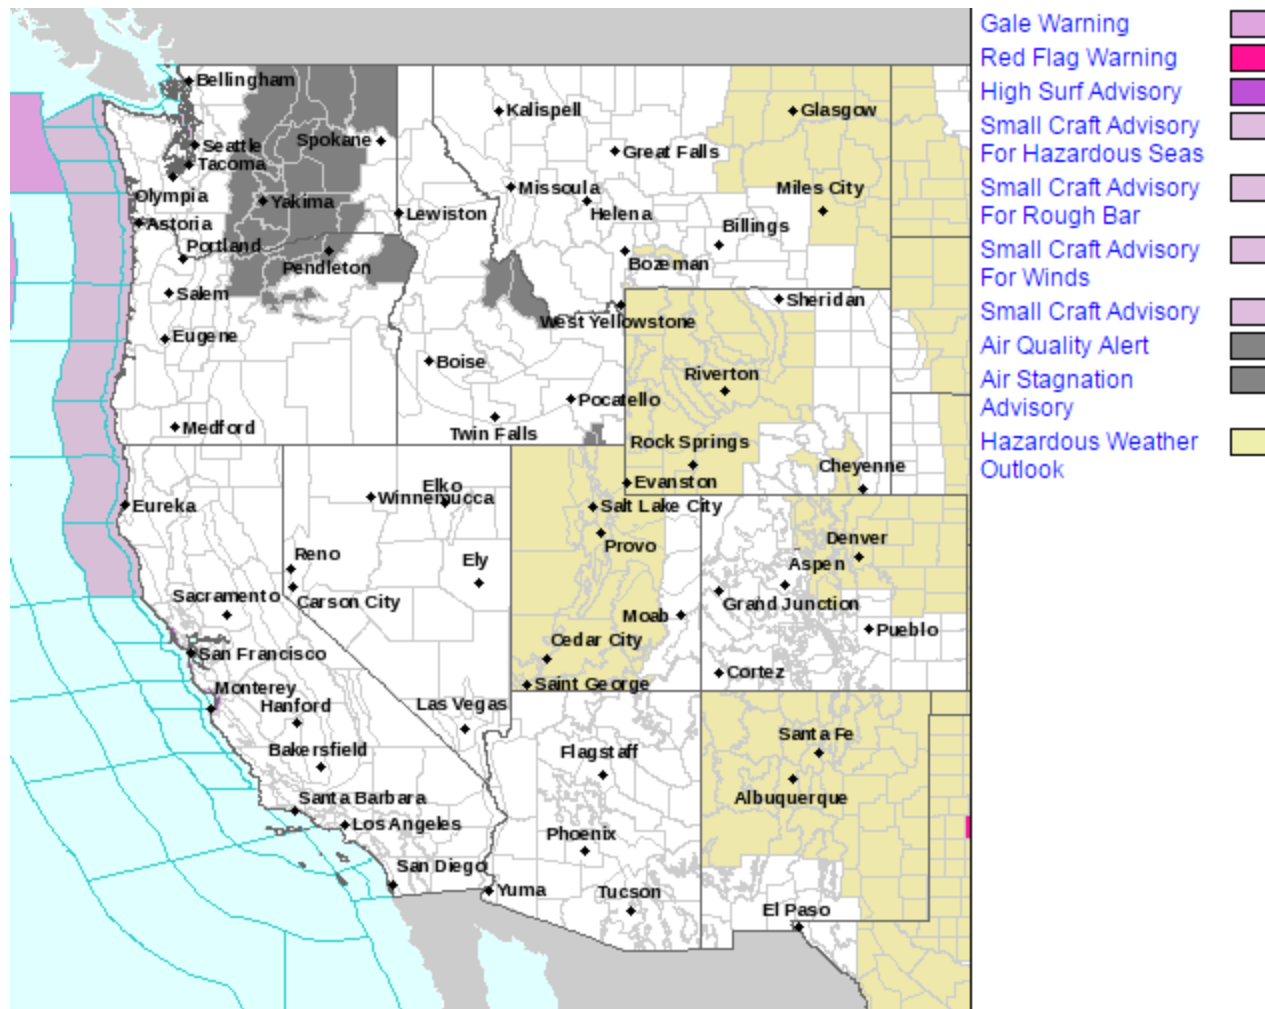

Strong high pressure overhead will shift east to the Northern portion of California tonight. northeast to southeast downslope surface winds from the western Sierra slopes to the coast will gust to 20-30 mph in wind-prone areas through midday today, then diminish. These winds will return at lighter speeds tonight. Afternoon maximum temperatures will be 15-25 degrees above normal again today in areas with the downslope winds, and 7-15 degrees above normal elsewhere. A series of weak frontal systems will brush the far Northwest portion of California Wednesday and Thursday and will produce spotty light rain. South to Southwest winds will be around 5-15 mph with rainfall totals that will be less than 0.10 inches. The remainder of the region will remain mostly sunny, warm and dry. On Friday a stronger frontal system will reach the coast and produce light rain as far south as Santa Rosa. Inland northern mountains are expected to receive light rain as the front moves through the region Friday night. High pressure behind the front will move in Saturday through early next week and northwest to northeast downslope winds are expected to return as well.

SOUTHERN CALIFORNIA

A strong ridge of high pressure over California will bring more record or near record temperatures to the area through Thursday, with mid 60s to mid 70s across the mountains and 80s to low 90s in the valleys. Minimum humidity will be mainly in the single digits and teens away from the San Joaquin Valley through Thursday. The ridge of high pressure over Central and Southern California will weaken as a trough moves inland over the northern portion of California Friday and Saturday causing temperatures to cool and humidity to increase a little. However, temperatures will still be around 10 degrees above normal and minimum humidity will only increase to between 10% and 25%. Another ridge of high pressure will build into California from the Pacific bringing several degrees of warming along with single digits and teens for minimum humidity Sunday through early next week. Offshore winds of 15 to 25 mph with gusts to 40 mph will surface across the mountains and below the canyons and passes of Southern California Saturday night through early Monday afternoon.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.
